eco-news

A YOUNG PEOPLE'S ENVIRONMENTAL NEWSLETTER

What is it?
Eco-News is an 8-page, timely, monthly newsletter oriented to today's urban children, grades 4-6. It is published by the Environmental Action Coalition, a non-profit environmental education organization.

What's in it?
Each issue explores a different environmental problem children will recognize. Issues are packed with ideas for activities, suggested readings, action projects and young reader contributions.

Teacher's Guides
Eco-News makes available for each issue a teacher's guide rich with bibliography, materials, and suggestions for imaginative classroom activities.

Subscription Rates*

80 or more – $ .75 each 20-39 – $1.50 each
40-79 – $1.00 each 1-19 – $2.00 each

A subscription for the 1973-74 school year covers 10 issues, starting with Sept. 1973, with back issues to that date if ordered later.

*Add 50¢ for a year's single set of teacher's guides.

The children of today have the greatest stake in the world of tomorrow. Shouldn't they have the chance to be well enough informed to do something about it?
